

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

RECEIVED FROM THE
BIBLIOTHEQUE

REPORT.

AUDITOR GENERAL'S DEPARTMENT,
Lansing, Michigan, July 1, 1916.

HON. WOODBRIDGE N. FERRIS, Governor:

SIR:—Acting under the provisions of law requiring reports from various officers of the executive departments of the State government, I have the honor to submit herewith a report of the transactions of this department in detail for the fiscal year ending June 30, 1916, and take this opportunity of suggesting the following changes in the existing laws pertaining to matters coming within the jurisdiction of the department of the Auditor General:

APPROPRIATIONS.

On account of the appropriations for special purposes being made available and payable before the state tax is received by the State Treasurer, the general fund of the State is at times depleted to such an extent that the ordinary current expenses of the State cannot be paid, and in order to avoid this condition I would suggest that appropriations made by the legislature for special purposes be made available after the tax levied to meet same has been received by the State. This plan would make it certain that the general fund of the State would at all times be able to meet all demands made upon it.

I would also suggest that when an appropriation be made for a State institution, department, board or commission, that it be specifically stated in the act that the amount appropriated is the full amount that may be used for all purposes by such institution, department, etc., for which the appropriation is made. The Acts of appropriation are not uniform; some of them allow large amounts to be drawn from the general fund in addition to the amount appropriated.

ACCOUNTING LAW.

All fees received by the State Oil Inspector and all other State departments, boards and commissions, should be deposited in the State Treasury as soon as they are collected and payment of all expenses should be made direct from the State Treasury when approved by the Board of State Auditors or Auditor General, and audited by the Auditor General.

The fiscal years of all State boards and commissions should correspond with the fiscal year of the State, which ends June 30th.

The law providing for the Board of Examination of Barbers, Act 387, Public Acts of 1913, should be amended so that the report of the number of barbers be filed with the State Treasurer on January 1st and July 1st,

and the end of the fiscal year of the Board be changed from September 30th to June 30th.

Section 9 of the uniform accounting law, Act 183, Public Acts of 1911, should be repealed so as to make the law operative.

The State Psychopathic Hospital should be required to make a report to the Auditor General relative to its patients in the same manner as the other State Hospitals.

PLAT LAW.

The number of plats of land recorded each year has materially increased from the number recorded in former years, six hundred sixty-nine having been recorded in the past year. The present law relative to platting is an improvement over previous laws; but changes are made that affect recorded plats that are not reported to the Auditor General, and I would respectfully suggest that a law be enacted requiring the clerks of the several cities and villages to forward to the Auditor General copies of all resolutions adopted by the city or village council which change the names of streets, vacate or open streets or alleys, or change in any way the condition of recorded plats, giving the names or captions of the plats, additions or subdivisions in the city or village affected by the change.

The county clerks should also be required to forward to the Auditor General copies of all resolutions adopted by the Boards of Supervisors changing the boundaries of villages.

The proprietors of platted property should be required to forward an additional copy of a proposed plat to the Auditor General to be forwarded by him to the city, village or township in which the plat is located, and if the plat be in two or more municipalities, a copy for each municipality should be forwarded.

If the assessor in each assessing district had copies of the plats in his district, many of the errors that now occur in describing property would be avoided.

INHERITANCE TAX LAW.

I would suggest that Section 9 of the inheritance tax law be amended so as to include bonds with stocks and obligations in the list of property liable for a tax.

As a number of estates are not referred to the Probate Court, and no tax is paid on the inheritances, it may be advisable to have all deaths reported to the Judge of Probate who should have authority to cause an inventory to be made of the property of all decedents and determine the amount of tax due, if any.

In the collection of the tax on inheritances the Auditor General or his representatives merely act in an advisory capacity. The law should be amended and I believe that better results would be obtained by the adoption of one of the following suggestions:

First: Relieve the Judge of Probate of all jurisdiction in the matter and place all matters pertaining to inheritance taxes under the control of some State official or create a new State department to have direct control of the inheritance taxes and have no other duties.

Second: Leave the matter entirely with the Judge of Probate as it is at present but provide that fifty per cent of all of the tax collected be placed in the funds of the county, as there is no special reason why any of the tax

collected except the tax on foreign estates should become a part of the State funds.

It undoubtedly would be necessary to amend the constitution of the State if the tax be placed in the funds of the county as the amount received from taxes on inheritances is now credited to the primary school fund.

GENERAL TAX LAW.

I would suggest that the tax law be amended so as to require the county treasurers to issue receipts in triplicate for the taxes paid to them, one copy for the taxpayer, one to be forwarded to the Auditor General, and one to be retained in the office of the county treasurer, the receipts to be numbered consecutively during the year. This plan will allow the county treasurer to have an exact copy of the receipt he issues and will prevent much of the confusion that now exists.

Section 61 of the general tax law should be amended so as to provide that the interest due on taxes offered for sale at the sale in May be computed to and including the month of May instead of until the first of May, for as the law is now it is possible for a person to purchase the taxes on property on the first Tuesday in May at a less amount than the owner of the property could pay the day before the sale.

Section 135 should be amended so that the certificate of the county treasurer relative to the taxes for five years, in recording a deed, should apply to all taxes on the land, including the taxes for which the land is held as state tax land. The certificate should fully state the condition of the taxes for five years preceding the date of the deed.

A majority of the county officials promptly attend to all business in which the State and county are interested but in some instances the State tax, other remittances of money due the State, returns of delinquent taxes, etc., are not forwarded to the State for months after they are due, and I would suggest that the law be amended so as to require that all moneys and communications be forwarded to the State within thirty days from the time they are due, and provide a penalty if the county official fail to comply with the provisions of the Act.

As delay occurs in several counties in forwarding the amount of the State tax collected and in making the return of the delinquent taxes, it is possible that the business in the office of the county treasurer is congested in the months of March and April by reason of the payment of taxes prior to the annual tax sale, which is held the first Tuesday in May, and the conditions may be relieved by changing the time of the tax sale, but as forty-four of the eighty-three county treasurers are not in favor of changing the date of the tax sale, it may not be advisable to do so.

As the salaries paid by the State to the officers, clerks and other employes of the several State departments are not on a uniform basis and in some cases inadequate, I would respectfully suggest that the question be referred to the legislature with the request that a committee be appointed to investigate the matter with a view to enacting such legislation as may improve the present condition.

Very respectfully,
ORAMEL B. FULLER,
Auditor General.

AUDITOR GENERAL'S DEPARTMENT.

ORAMEL B. FULLER,
AUDITOR GENERAL.

HAROLD B. FULLER,
Private Secretary.

FRED Z. HAMILTON,
State Accountant.

EDWARD OAKLEY,
Bookkeeper.

GEORGE L. HAUSER,
Deputy Auditor General.

CHARLES A. BARNES,
Chief Clerk.

WM. S. HUMPHREY,
Assistant Chief Clerk.

G. C. COTTON,
Assistant Bookkeeper.

AUDITOR GENERALS FROM ORGANIZATION OF STATE.

APPOINTED.

NOTE.—The office of Auditor General was organized March 1, 1836. The office of Territorial Auditor ceased February 19, 1836, and the term of the appointed State Auditor commenced on the same day.—Laws of 1835-36, page 45.

Act 127, Laws of 1840, authorized the rental of office room in Detroit where business transactions were carried on until the removal of the State Capitol to Lansing in 1849.

TABLE No. 1.—Showing balance on hand July 1, 1915, receipts and disbursements for the fiscal year ending June 30, 1916, and balances on hand June 30, 1916.

Roscommon	1840	Mackinac	Laid out as Mikenank (a). Mackinac, 1840; Cheboygan, 1853; Midland, 1859.	1840
Saginaw	1822	Oakland	Oakland, Sept. 10, 1822 (b).	1822
Sauie	1832	Oakland	Oakland, Sept. 10, 1822 (a).	1832
Schoolcraft	1843	Chippewa and Mackinac	Chippewa, 1843; organized, Act 157, 1846; reorganized, Act 229, 1848; Marquette, 1851.	1843
Shiawassee	1822	Oakland	Oakland, Sept. 10, 1822 (b). Genesee, 1836.	1822
St. Clair	1830	Wayne	March 22, 1820 (b). Organized May 8, 1821.	1830

TABLE No. 176.—*Concluded.*

Counties.	When laid out.	From what counties detached.	To what counties attached and when.	When organized.
St. Joseph.....	1829	Lenaues.....	Organized as laid out, territorial laws, page 744.	1829
Tuscola.....	1840	Oakland.....	Organized, 1845; Saginaw, 1840.	1845
Van Buren.....	1839	Lenaues.....	Cass, 1829.	1837
Washtenaw.....	1822	Wayne.....	Wayne, Sept. 10, 1822 (b).	1826
Wayne.....	1796	Northwest Territory.....	Established and organized by proclamation of Arthur St. Clair, governor of Northwest Territory, August 15, 1796, embracing what is now part of Ohio, Indiana and Illinois and all of the then territory of Michigan, reorganized November 1, 1815 (b), and including all of the then territory of Michigan, established with its present boundaries, Sept. 10, 1822.	1796
Wexford.....	1840	Mackinac.....	Laid out as Kautawaubet (a). Mackinac, 1840; Grand Traverse, 1833; Manistee, 1855.	1869

(a) Laid out by Act No. 119, 1840; name changed by Act No. 67, Laws of 1843.

(b) By proclamation of Governor Cass.

(c) Covered territory now forming the counties of Alpena, Alpena, Antrim, Arenac, Benzie, Charlevoix, Chaboygan, Clare, Crawford, Emmet, Gladwin, Grand Traverse, Isoco, Leelanau, Manistee, Mason, Missaukee, Montmorency, Ogemaw, Oscoda, Presque Isle and Rosecommon, with so much of the Upper Peninsula as then (October 26, 1818), belonging to the territory of Michigan and now forms the counties of Alger, Chippewa, Lapeer and Schoolcraft. The remaining portion of the Upper Peninsula was added to Michigan by Act of Congress of June 15, 1836, admitting the state into the union.

NOTE.—For general regulations as to manner and effect of attaching unorganized territory to an organized county, *vide* C. L. 1897, *Sec.* 2453.

TABLE No. 177.—*Showing amount paid on account of State Land office for the fiscal year closing June 30, 1916.*

Items.	Amount paid.
Accident fund premium for prior years	\$37 34
Printing and binding final report.	30 16
Total to Table No. 10.	\$67 50

NOTE.—State land office abolished January 1, 1915, the above amounts were items of expense incurred prior to that date.

TABLE No. 178.—*Showing the State's portion of beaver license fees collected in the several counties under Act 207, P. A. 1911, as amended by Act 124, Public Acts of 1913.*

NOTE.—The law providing for the assessment of mineral reservations, Act 51, Public Acts of 1911, was repealed by Act 119 Public Acts of 1915. The Auditor General was directed by said Act 119 to cancel all taxes on mineral reservations remaining undischarged at the time the act took effect, August 24, 1915.

Said Act 119 provides that the State, county, township, city or village shall stand the loss of their portion of the taxes cancelled. Mineral reservations were assessable in accordance with Act 51, Public Acts of 1911 in the years 1912, 1913, 1914 and 1915, the law having been repealed by Act 119, Public Acts of 1915. The statement of the cancellation of the taxes of 1915 will appear in the report of the Auditor General for the fiscal year ending June 30, 1917.

TABLE No. 197.—*Showing number of descriptions of land returned for taxes of 1913; number of descriptions advertised for sale; and number of descriptions on which taxes were either paid to county treasurer, paid Auditor General, or on which taxes were cancelled.*

Totals							d \$129,410,904 94	b \$121,552,580 62	b86,216,514 42	

a State tax was apportioned on amount as equalized by the boards of supervisors from 1838 to 1850, inclusive.

b Prior to Act 38, P. A. 1859, the law required the state and county taxes to be placed in the same column on the tax roll, therefore the state and county taxes having been returned as one item of tax we are unable to state the amount of the state tax returned delinquent for the years prior to 1859. The amount paid and amount returned delinquent are for the years 1859 to 1915, inclusive.

c Amount received from the sale of lands from 1853 to 1858, inclusive, \$898,777.23, was used for state purposes, which accounts for the small amount of state tax levied in these years.

d Amount of state tax apportioned from 1838 to 1858, inclusive, \$1,641,569.90. Amount of state tax apportioned from 1859 to 1915, inclusive, \$127,769,345.04.

TABLE No. 204.—*Comparative statement, by years, showing the expense of the following State Offices, Boards, Institutions, etc., after all credits have been deducted, for a period covering the last ten years.*
